Dr. Choi – Surgery Scheduling Information

Surgery Day/Facility: Tuesday (Based on Availability)
Thursday at Central DuPage Hospital with West Central Anesthesiology

Surgery Date: _____

Process for Scheduling a Surgery

1. Contact our office to choose a date for your surgery: 665-9155 ext. 562.
2. Contact your insurance company to determine your benefits. Give them the name of the surgery facility (and, if CDH, the Anesthesia Group). Check on your coverage regarding surgeon fees, hospital and anesthesia fees, pre-operation labs, and physical therapy. Check if there is a maximum number of physical therapy visits allowed.
3. Contact the Pre-Admission Department at CDH at (630) 933-6121. Your pre-operative labs are based on your answers to the questions they will be asking you. (Approximately 15 minutes.)
4. View the on-line EMMI program via the Internet. If you need assistance accessing EMMI, call (630) 665-9155 ext 578.
5. Set up a Pre-Operative Physical with _____. This appointment needs to take place within 30 days of your surgery date.
6. **IMPORTANT:** You **MUST STOP** taking any **aspirin, Motrin[®], ibuprofen, Aleve[®], Advil[®]**, or any other **NSAID** 7 days prior to your surgery. Your surgery could be cancelled if you have not stopped these medications due to increased bleeding times. ****If you are taking Coumadin[®], please call our office immediately for directions on when you need to STOP this medication prior to surgery.****
7. Remember to bring your crutches the day of surgery, if needed.

After surgery

- You will be given a Post-Operative Instruction Sheet following surgery including information regarding your post-op appointment with Dr. Choi.
- You will be given a prescription for pain medication.
- Work or Gym Notes: please ask *during* each post-op appointment for a new note, if needed.

Disability Forms

Allow 7-10 days for completion. There is a \$25 charge. Drop off your form at the Front Desk and fill out a request form.
